Introduction

It is every student's right to be in an educational environment of IES that upholds, cares for, respects, and protects their dignity. This policy sets out every educational institution's obligation to have in place student protection measures which focuses on the prevention of student maltreatment as well as the handling of any maltreatment concerns

“The welfare of the child is paramount”. It is the statutory responsibility on the school management to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

There are three main elements to our student's protection policy;

- Alertness, awareness, attention, and early detection of signs of physical and emotional sickness, illness, abuse, discomfort, and anti-social behavior.
 - Prevention through the creation of a positive school atmosphere and the teaching, and pastoral support offered to pupils
 - Protection by following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to child safety and protection concerns.
- Support to pupils who may have been abused.

This policy applies to all pupils, staff, volunteers and visitors to IES.

PRINCIPLES

1. Best interests and safety of the student shall be a primary consideration in all actions taken to safeguard their wellbeing.
2. It is the responsibility of the educational institution – the principal and all staff – to recognize, respond to, and manage student protection risk and impact to the best of their ability.
3. All mandated reporters and educational institution staff and volunteers are responsible and accountable for ensuring student protection measures are in place and applied and upheld.
4. All mandated reporters and educational institution staff and volunteers will be protected and shall not be hindered or penalized in any manner for carrying out their responsibilities to report and safeguard students from all forms of maltreatment.
5. All students have the right to be:
 - a. Heard and express their voice/opinion and participate in select decisionmaking processes in the educational institution (to be determined by institution staff).
 - b. Treated with dignity and respect.
 - c. Treated with fairness and justice.
 - d. Supported by an advocate and provided with necessary support when required.
 - e. Safe, protected from harm, and aware of what constitutes risk and harm.
6. Zero tolerance of all forms of maltreatment is to be implemented and upheld in all actions and environments pertaining to students

Legal Obligations and Rights

1.1 This policy was developed in line with federal student protection and related regulations and policies (see “References” section).

1.2 All educational institutions shall comply with the provisions of this policy.

Every educational institution shall develop and publish a student protection policy to protect students from any maltreatment, provided it meets the minimum standards of what is included in this policy and does not contradict any of its provisions. Institutions may equally adopt the current policy as their own and publish it on their website.

1.3 All educational institutions shall comply with the guide on Handling Student Maltreatment Concerns within Educational Institutions (ECA, 2024) for the management of abuse-related offenses that are reported within and/or occurring within an educational institution.

1.4 Educational institutions shall ensure that the student protection policy has been communicated, understood, and agreed to by all institutional stakeholders (board members, staff and volunteers, parents, and students). Students shall receive a student-friendly version of the student protection policy, and their assent should be obtained when any student protection concerns are raised.

1.5 The educational institution and its principal are guardians of the rights of students to not be exposed to maltreatment. The principal acts as the guardian of all students while they are under the educational institution’s supervision and shall take responsibilities that fall under this role.

1.6 All students have equal rights for care, protection, and safety in all educational institutions. Educational institutions are fully responsible for the care, protection, and safety of students while students are under the institution's supervision. 2.

School policy

We recognize that for our pupils' good health, high self-esteem, confidence, supportive friends, and clear lines of communication with a trusted adult help to leading a healthy and happy life and prevent abuse. Our school will therefore:-

- Establish and maintain an environment where pupils feel safe and secure and are encouraged to talk, and are listened to.
- Ensure that pupils know that there are adults within the school who they can approach if they are worried or are in difficulty.
- Include in the curriculum activities and opportunities for personal and social development, which equip pupils with the skills they need to stay safe from illnesses and abuse.
- Include in the curriculum material which will help pupils develop realistic attitudes and skills to navigate through life, now and in future.
- Ensure that wherever possible every effort will be made to establish effective working relationships with parents and colleagues.

2. Reporting of Concerns of Maltreatment with Educational Institution

2.1 Staff of educational institutions – including any person who, in the performance of their duties, has regular or temporary contact with students and who provides services to students or the institution – are mandated by Federal Law No. (3) of 2016 Concerning Child Rights to report all cases of alleged and/or suspected maltreatment (conducted by any alleged/suspected perpetrator inside or outside of the educational institution) directly to the ADEK Child Protection Unit (CPU) within 24 hours upon suspicion.

Staff should follow the procedures outlined in Figure 1. Safety Concern Referrals in Abu Dhabi Educational Institutions and the guide on Handling Student Maltreatment Concerns within Educational Institutions (ECA, 2024).

2.2 All concerns of student maltreatment disclosed in educational institutions, whether the maltreatment took place inside or outside of the institution, should be notified to the CPC or any other person representing him/her.

2.3 The MOE has put in place the National Policy for the Prevention of Bullying in Educational Institutions (n.d.) for handling bullying cases. Therefore, all cases of bullying should be handled in accordance with the procedures defined in that framework. Exceptions related to bullying cases include severe bullying (cases of bullying that have or risk having a significant physical and emotional impact on the student would be considered as maltreatment), which should be handled according to the procedures defined in this policy.

2.4 All educational institutions shall appoint a Child Protection Coordinator (CPC) and a Child Protection Team (CPT), and these appointments shall be reported to ADEK annually.

1. The CPC shall undergo ADEK-mandated CPC training and would preferably be a senior member of staff or any other member of staff who has experience working with students at educational risk.

2. The CPT shall undergo any ADEK-mandated training as announced and would typically include 3-5 members consisting of the counselor and/or social worker as well as relevant members of the senior leadership team, any of whom may or may not take on the role of the CPC.

In educational institutions where such a team cannot be formed, the CPC would be responsible for case management within the educational institution, and a delegate should always be nominated in case the CPC is unavailable/unable to perform their duties.

2.5 If any staff of the educational institution, including volunteers, receives an allegation or has a concern that a student may have been maltreated, is being maltreated, or is at risk of maltreatment as defined in the Definitions (Types of Maltreatment) section, they shall report the matter to the CPC, or any other person representing him/her or any other member of the CPT immediately. This includes concerns of maltreatment taking place inside or outside of the educational institution's premises.

2.6 In case the reporter is unable to reach the CPC, or any other person representing him/her, or other members of the CPT, or it is not in the best interest of the student to inform the CPC or the team, then they should inform the CPU at ADEK and/or the FCA directly by filling out the Safety Concern Form online on the digital safety concern portal.

2.7 Emergency cases, where the student is in imminent danger, should be reported without delay by the CPC to the Police (999) and the Principal, with a copy of the Safety Concern Form online on the digital safety concern portal.

2.8 Emergency cases are detailed in the guide on Handling Student Maltreatment Concerns within Educational Institutions (ECA, 2024)

How should maltreatment concerns identified in educational institutions be handled?

Below are the procedures for identifying and reporting student maltreatment concerns.

- Once a concern of student maltreatment (incl. severe bullying) is raised in an educational institution, this should be reported directly to the CPC, or any other person representing him/her (all staff in the educational institution should be trained on identifying maltreatment – in line with the operational definitions of the different types of maltreatment included in this document).
- Emergency concerns, where the student is in imminent danger, should be reported immediately to the Police and the Principal.
- For maltreatment concerns which occurred outside of the supervision of the institution, the CPC, or any other person representing him/her if the CPC is not present, should then fill the Safety Concern Form online on the digital safety concern portal. The Safety Concern Form will automatically be shared with the ADEK CPU, the FCA and the MoI CPC. FCA will review the case and follow the required procedures for case management.
- Maltreatment concerns which occurred under supervision of the educational institution, the staff should inform the CPC or any other person representing him/her if the CPC is not present. The CPC should then complete the Safety Concern Form on the digital safety concern portal. Once submitted, a copy of the Safety Concern Form will then be automatically shared with the FCA, the ADEK CPU and the MoI CPC.
- The ADEK CPU will review the information first before referring to the FCA for case management, who will take the necessary procedures for follow-up on the cases after receiving the report.

- It is important to note that the ADEK CPU reserves the right to conduct or to designate qualified institutional personnel to conduct the initial safety and risk assessment before reporting the concern to the FCA.
- If the ADEK CPU refers the concern to the FCA, the concern would then be managed by the CPS at the FCA. The ADEK CPU should still provide administrative support (e.g., sharing relevant information) to enable the FCA to conduct the needed assessments and other activities related to case management.
- If the ADEK CPU does not report the case to the FCA, the concern is returned to the educational institution with the justification, and the educational institution is asked to collect additional information before submitting another Safety Concern Form.
- In all situations, the ADEK CPU would ensure that the concern gets logged and responded to.

Figure 1. Safety Concern Referrals in Abu Dhabi Educational Institutions summarizes how maltreatment concerns should be handled in cases where the alleged maltreatment occurred both inside and outside of the supervision of the educational institution.

Figure 1. Safety Concern Referrals in Abu Dhabi Educational Institutions

1. After submitting the Safety Concern Form on the digital safety concern portal, a copy of the report is automatically shared with FCA, ADEK CPU, and MoE CPC.
2. For cases occurring within educational institutions' supervision, the ADEK CPU will review the information first before referring to the FCA for case management. Note: The ADEK CPU will take the necessary procedures to follow-up on the cases after receiving the report.

Framework

Students protection is the responsibility of all adults and especially those working with children in the school.

Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them. There are, however, key people within schools who have specific responsibilities under child safety and protection procedures.

The SENCO is assigned the responsibility of being designated Child Protection Coordinator. She makes timely referrals to the Principal and Phase Heads in accordance with school procedures. She ensures that all staff employed including temporary staff and volunteers within the school are aware of the school's internal procedures, to advise staff and to offer support to those requiring this. Wherever possible, as part of the schools recruitment and vetting process.

Procedures

The school will follow the procedure provided in this policy. Staff must be kept informed about child protection responsibilities and procedures through induction, briefings and awareness training. The Principal will ensure they are aware of the school's policy. Any member of staff, volunteer or visitor to the school who receives a disclosure of abuse, an allegation or suspects that abuse may have occurred must report it immediately to the Child protection Coordinator. who must refer cases of suspected abuse or allegations to the Principal.

Prevention and Treatment of Illness

1. Children and staff will be educated about best practices in hygiene and food preparation.
2. Water at the school will be tested regularly-at least twice a year.
3. Parents have the responsibility to keep sick children home from school during periods of sickness.
4. Vaccination requirements of the Ministry of Health, UAE will be strictly adhered to.
5. All sickness, illness or medical conditions shall be treated without delay.

Prevention and Treatment of Sickness

1. All injuries will be treated immediately.
2. First Aid Kits will be kept at the school and these will be easily accessible.
3. Contact names of the local doctor, hospital and ambulance service will be posted at the school.
4. All accidents shall be recorded in an Accident & Injury Book-for regular review - with recommendations. The approach involves identifying risks, then taking steps to eliminate or minimize these risks. Safety meetings shall be held with staff every 6 months.

Physical and Emotional Well-being of the Children

1. No physical violence, (hitting, physical disciplining, smacking, fighting) will be tolerated at the school. This includes physical violence from carers, visitors, staff, parents, or fellow-students.
2. Children will be treated respectfully and encouraged to report any violence if this occurs, and provided with protection if this is necessary.
3. Police will be involved if there is any issue of violence that cannot be immediately resolved or if the violence poses a serious risk to the child's mental, physical or emotional well-being, regardless of the source of the violence.
4. Emotional safety is also recognized-and this includes situations such as bullying or persistent belittling of individuals by others. Neither of these behaviors will be tolerated.

Anti-bullying

We are committed to providing a caring, friendly and safe environment for young people so they can enjoy their involvement with IES in a relaxed and secure atmosphere. Bullying of any kind is unacceptable. This includes bullying of young people by adults and bullying of young people by other young people. If bullying does occur, all young people should know that

incidents will be dealt with promptly and effectively. For more details, please refer the IES Anti- Bullying Policy.

Training and support

The Principal and all other staff who work with children will undertake appropriate child protection awareness training to equip them to carry out their responsibilities for child protection effectively. The school will ensure that the Designated Child Protection Coordinator also undertakes training to keep knowledge and skills up to date. Temporary staff and volunteers who work with children in the school will be made aware of the school's arrangements for child protection and their responsibilities. Support will be available for staff from the Vice Principal in the first instance, and from members of the school's leadership team where there are concerns about queries about child protection. All staff should have access to advice and guidance on the boundaries of appropriate behavior and conduct. These matters will form part of staff induction

Professional confidentiality

Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. The only purpose of confidentiality in this respect is to benefit the child. A member of staff must never guarantee confidentiality to a pupil nor should they agree with a pupil to keep a secret, as where there is a child protection concern this must be reported to the Designated Child Protection Coordinator and may require further investigation by appropriate authorities. Staff will be informed of relevant information in respect of individual cases regarding child protection on a need to know basis only. Any information shared with a member of staff in this way must be held confidentially to themselves.

3. Data Confidentiality

- Case reports and student data are strictly confidential. The identities of the student subject to alleged and/or suspected maltreatment, the alleged/suspected perpetrator, and the person reporting the alleged/suspected case must be kept confidential by all parties involved in the case.
- The data should be shared only with authorized individuals from the ADEK CPU and the FCA, within investigative teams, and the Abu Dhabi Judicial Department.
- Authorized individuals are strictly prohibited from discussing active or closed cases with the media, any third parties or other staff, and/or unauthorized ADEK staff, with the exception of investigative and judicial authorities and within the legal responsibilities

Records and monitoring

- Well-kept records are essential to good child protection practice.
- IES must be clear about the need to record any concern held about a child or children within our school, the status of such records and when these records should be passed over to other agencies.
- Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, must make an accurate record as soon as possible noting what was said or seen, putting the event in context, and giving the date, time and location.
- All records will be dated and signed and will include the action taken. These file notes must be kept in a confidential file, which is separate from other files, and stored in the clinic.
- In the same way notes must be kept of any pupil who is being monitored for child protection reasons.

Supporting pupils at risk

Our school recognizes that children who are abused or who witness violence may find it difficult to develop a sense of self-worth or view the world as a positive place.

This school may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless, whilst at school, their behavior may still be challenging and defiant or they may be withdrawn. This school will endeavor to support pupils through:

1. The curriculum to encourage self-esteem and self-motivation.
2. The school ethos which promotes a positive, supportive and secure environment and which gives all pupils and adults a sense of being respected and valued.
3. The implementation of the school's behavior management policies.
4. A consistent approach agreed by all staff which will endeavor to ensure the pupil knows that some behavior is unacceptable but she/he is valued.
5. A commitment to develop productive, supportive relationships with parents, whenever it is in the child's best interest to do so.
6. The development and support of a responsive and knowledgeable staff trained to respond appropriately in child protection situations.
7. Recognition that statistically children with behavioral difficulties and disabilities are most vulnerable to abuse so staff who work in any capacity with children with profound and multiple disabilities, sensory impairment and / or emotional and behavioral problems will need to be particularly sensitive to signs of abuse.
8. Recognition that in a home environment where there is domestic violence, drug or alcohol abuse, children may also be vulnerable and in need have support or protection.
9. This policy should be considered alongside other related policies in school.
The policy for the management of pupils' behavior (including our policy on bullying) and our health and safety policy.

Safe School, Safe Staff

- It is essential that the high standards of concern and professional responsibility adopted with regard to alleged child abuse by parents are similarly displayed when members of staff are accused of abuse.
- Only authorized agencies may investigate child abuse allegations. Whilst it is permissible to ask the children simple, non-leading questions to ascertain the facts of the allegation, formal interviews and the taking of statements is not.
- Where allegations are made against a staff member, this should be immediately referred to the governing board who shall take appropriate actions.
- If for any reason it is decided that a referral to an External referral is not appropriate, it will be necessary to address matters in accordance with the school's disciplinary procedures.

Reporting against School Staff

We recognize that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. If necessary they should speak to the Sectional Heads/Vice-Principal or directly to the Principal.

4. Training

- The CPC and CPT shall complete all student protection policy and safeguarding training as mandated by ADEK, including an affidavit attesting to upholding the highest ethical standards and code of conduct in the management of cases.
- All staff in educational institutions shall complete any ADEK-mandated student protection policy and safeguarding training sessions and sign of that they have received training and understand their responsibilities.
- Volunteers shall receive proper induction and training on student protection policy and safeguarding measures. All invited visitors shall also be required to attest to having read and understood the school's student protection policy.
- Any staff providing counseling, support, advocacy, or being in close personal contact with students shall receive continuous training in student protection and safeguarding and be properly supervised by the principal. 4.5 Any CPS working in the ADEK CPU shall receive the Ministry of Community Development certification.

5. Vetting, Hiring, and Monitoring of Educational Institution Staff, Volunteers, and Invited Visitors

- Staff, volunteers, and invited visitors shall be properly vetted and screened prior to working in or accessing any locations where students are present. This includes criminal record checks from countries from which the applicant is being hired.
- The principal must take full responsibility and accountability for all persons working in educational institutions and ensure their suitability and compliance with all student protection and safeguarding requirements. This includes preventing any person from working with students if they pose a risk to students' safety and wellbeing.
- The principal must ensure continuous monitoring of all staff and immediately report alleged inappropriate conduct or suspected actions that may result in harm or risk of harm to a student

6. Acceptable Adult Behaviors

- Staff and volunteers shall respect and protect the rights of all students and take no actions that may put the student at risk of maltreatment.
- Staff and volunteers shall not undertake any inappropriate behaviors towards the student and/or in the presence of the student
- Staff and volunteers are required to report any incidents of inappropriate behaviors against students.
- Serious allegations of sexual misconduct by staff, volunteers, and/or invited visitors will be directly reported to the Police and FCA and the concerned staff/volunteer/invited visitor will be immediately removed from the educational institution's premises

TERMINATION OF STAFF WITHOUT NOTICE

Schools shall, upon ADEK's request, **terminate staff members without notice who have been found guilty of serious misconduct, following a written investigation** as per the ADEK Employment Policy, the Cabinet Decision No.(52) of 2018 regarding the Executive Regulations of Federal Law No.(3) of 2016 regarding Childs Rights and Federal Decree Law No.(33) of 2021 on Regulating Labor Relations.
